PREFACE

A genealogical record is a necessary factor in preserving the lineage of any family. The Georg Schaeffer family was in need of such a record. Fortunately attempts had been made in the past to compile and preserve records by some of our ancestors. Individuals of the different Schaeffer groups compiled family records. These attempts were discontinued in some cases, and the data collected in others was lost. However, the effort put forth by these individuals was a contributing factor towards completing the Georg Schaeffer history.

In 1898 the Reverend David I. Schaeffer began an extensive study of this family history. He has investigated and personally interviewed about one third of the third generation of our pioneer. He is of the fourth born in this country.

The first family reunion was held at Kutztown, Pa., in 1903, and continued until the year 1916 when the first World War broke out. Since then the reunions have been discontinued. It is hoped that these reunions may be continued in the future. The efforts that were put forth by the executive committee, of that first reunion brought out valuable information of our ancestors hitherto unknown.

It is apparent that some parts of this family history are not entirely complete. The reason for this is that some descendants failed to respond to inquiries, a few did not co-operate, and lastly it was difficult to locate two branches that had migrated to the West, and are now scattered all over the nation.

This book is not free of errors by any means. I had to depend to a great extent on correspondence, since personal visitations, with the more distant relatives were impossible. I accepted records as they were received, without further verification. Naturally some inconsistencies will creep into such a compilation of family histories; however, sincere efforts have been put forth to eliminate them.

I am using a simple reference system in recording this genealogical information. This will enable any one of the descendants to look up his or her lineage. The following abbreviations are used frequently in this book: (b) born, (d) died, (bur) buried, (m) married, (m'ge) marriage, (oc.) occupation, (cem.) cemetery, (St.) street, and (1¹, 2², 3³, 4⁴, 5⁵, 6⁶, 7⁷, 8⁸, 9⁹) meaning number, and generation.

A family history is never complete and should be brought up to date constantly. The task of seeking for information is not an easy one. It is important that the younger generation be willing to carry on this work, and give it active consideration and

encouragement. This family history should be of great value to all who desire to trace their ancestry.

In gathering this information I made personal visits to many families, secured inscriptions from cemetery tombstones, compiled data from records of the Historical Societies of Berks and Lehigh Counties, the Berks and Lehigh County courthouse records, and the Pennsylvania Archives in Harrisburg, Pa.

I am indeed grateful to the following named persons for their splendid cooperation: Mr. David L. Schaeffer, Dr. Robert L. Schaeffer, Mr. Paul Wenrich, Miss Shirley Kutz, Mrs. Stanley Trout, Mrs. Edith Gensemer, Mrs. Florence Schollenberger, Miss Roxie M. Schaeffer, Mr. Harry P. Schaeffer, Mrs. Frank Phillips, Mr. Thomas L. Schaeffer, Mrs. James Sisk, Mrs. William Skinner, Mr. Harry S. Schaeffer Jr., Mr. James Delong, Mrs. [Rev.] John B. Stoudt, Mrs. Preston Hunsicker, Mrs. Edna Lockhardt, Mrs. W. T. S. Neligh, Dr. Paul DeLong, and my co-worker Rev. David I. Schaeffer as well as all others who have contributed to the compiling of this family history.

AUSTIN M. SCHAEFFER, Historian

INTRODUCTION

Among the thousands of immigrants who came to our shores two centuries ago, our pioneer Georg Schaeffer was one of them. He disembarked in the port of Philadelphia. Records show that his name is preserved with others in the Pennsylvania Archives, Volume of the 11th Edition in Harrisburg, Pa.

Georg Schaeffer was a son of the American Revolution. His military record is recorded in the Pennsylvania Archives, 5th Series, Vol. 3, page 787. He belonged to the German Regiment from the State of Pennsylvania, and was among the roster of field and staff officials, having enlisted July 12th 1776, as a Second Lieutenant. I am quoting from the above reference thus: "This German regiment originated from a resolution of Congress June 27th 1776, directing four companies of Germans to be raised in Pennsylvania and four companies in Maryland, to compose, 'the German Battalion' — the companies to serve for three years, unless discharged sooner. Nicholas Haussegger, Major of the 4th battalion was commissioned Colonel and Pennsylvania furnished by far the largest number, both of its officers and recruits. The regiment was in the field and engaged at Long Island, Trenton, and Princeton, and May 1777 was in Deborre's brigade, Sullivan's division. The Colonel left the army after the battle of Monmouth and returned to his farm near Lebanon, Pa. Lt. Col. Weltner succeeded his command. The regiment took part in Sullivan's campaign against the Indians. In the spring of 1780 it was stationed on the frontiers of Northumberland County. By a resolution of Congress in October the German regiment was reduced, and ended its organization January 1st, 1781. Georg Schaeffer was mustered out of service and returned to his home in Berks Co."

Philip Schaeffer, youngest son of Georg, served as a private in the "War of 1812". He enlisted August 20th 1814, under the command of Captain John Perle. It is known that the present stone barn on the Schaeffer homestead was built while Philip was serving his country. The women in the community assisted in carrying the building stone up the ramps to the masons, during that war time period. Elizabeth Feterolf Schaeffer, Philip's wife, was among them.

Elias Schaeffer, son of Peter, served in the "Civil War". He was a private who had enlisted September 4th 1861, in the 46th Regiment Pa. Volunteers Company E, recruited in Reading,

Berks Co., Pa., with three years of service. He was transferred later to the Veterans' Volunteer Corps before being discharged.

John A. Schaeffer, son of Titus Schaeffer, deceased, served in World War I and was wounded during the conflict. He enlisted early in the war as a First Lieutenant and was honorably discharged in November 1918.

Richard John Schaeffer, son of John A. Schaeffer, enlisted in World War II and paid the supreme sacrifice March 21, 1945, on the Isle of Iwo Jima, thirty one days after landing with the 5th Division Marines. His body was brought home from overseas and buried May 13th 1948, in the Fleetwood Cemetery, Fleetwood, Pa.

Paul Lee Schaeffer, son of T. Raymond Schaeffer, enlisted in World War II and also paid the supreme sacrifice October 12th 1943, in the South Pacific area. He is buried in Rookwood Cemetery, Grave 100, Sydney, Australia. He had served with the 808th Armored Battalion.

It is not to be forgotten that many other descendants of this old family, who are not mentioned, have also served their country well. The author is trying to show representation, relative to conflicts that we have had in the past, rather than reaching every individual who has served. This honor belongs to all members of this family who have served in the armed forces of the nation.

Biographies of Historians

Reverend David I. Schaeffer was born June 16, 1878, on his father's farm in Maxatawny Township, Berks County, Pa., about two miles east of Kutztown, Pa. He is the son of the late James and Rosa Isabella (nee Bortz) Schaeffer.

David received his early education in the Hottenstein school in Maxatawny Township. He took preparatory work in the Keystone State Normal School and entered Franklin and Marshall College in September 1895 as a sophomore; graduated and received his A.B. degree in June 1898. Later he received his M.A. degree. He entered the Reformed Theological Seminary in the fall of 1898 and graduated in 1901.

He was ordained on June 15, 1901, by the West Susquehanna Classis, Eastern Synod of the Reformed Church in the United States. In April 1908 he entered the ministry of the Presbyterian Church in the United States of America. At present he is pastor of the Sinking Valley Presbyterian Church, Arch Spring, Blair County, and also Lower Spruce Creek Presbyterian Church, Spruce Creek, Huntington County, Pa.

On September 7, 1904 he married Anna Jane Rupert of Kittanning, Pa. They have one daughter, Ethel S. Giles of Harrisburg, Pa., one grandson, John David Giles and one great grandson John David Giles Jr. of Arch Spring, Blair County, Pa.

David has been active in various fraternal organizations. He is a charter member of East Brady Lodge No. 640, F. and A. M., Coatesville Royal Arch Chapter No. 267, Mountain Council No. 9, and Royal Select Masters Mountain Commandery No. 10 Knights Templars. He is also an active member of the National Grange of Patrons of Husbandry, having served as officer in Subordinate Granges. At present he is a member of Grange No. 484 located in Sinking Valley, Blair County, Pa.

On May 7, 1898, the 50th wedding anniversary of Mr. David Schaeffer and his wife Esther Ann (nee Christ), the grandparents, was observed at their farm in Maxatawny township, where they spent all of their married life. It was a bright, warm, sunshiny day. After partaking of a wonderful anniversary dinner Mr. Schaeffer, his five sons, and some of his grandsons were sitting on the lawn in front of the house talking about his former days. Finally the conversation drifted to the Schaeffer Freinedshaft, when someone remarked that somebody ought to look up the lineage of the Schaeffer Family, whereupon Dr. Nathan C. Schaeffer turned to the younger David, pointing his finger at him and said, "That is your job Dave."

David's grandfather then gave him the names of his grandfather Georg Schaeffer, and grandmother, his father and mother, his uncle and three aunts, and nearly all the names of his cousins.

That inspired David to gather data and statistics relative to the genealogy of the Schaeffer Family. He recorded the names and dates of birth, dates of death and places of burial of the first four generations, and also interviewed personally quite a few persons of the third generation. Now he began to gather information concerning the descendants of his grandfather, his uncle Peter, his aunt Elizabeth married to John Bieber, his aunt Margaret married to Dewalt Beaver and Marie Ann married to Michael Christman Sr.

Since David's work in the ministry took him to Western Pennsylvania and Ohio he could not gather statistics concerning Philip, our common ancestor. So another descendant viz. Austin M. Schaeffer became interested in the work. After spending lots of time and effort he has gathered a vast amount of material for this book and put it into form. Hence the history of Philip, the youngest son of our pioneer Georg Schaeffer, and the genealogy of his descendants.

AUSTIN M. SCHAEFFER

Austin M. Schaeffer was born August 6th, 1892 on his father's farm near Fleetwood, in Richmond Township, Berks County, Pennsylvania.

He received his early education in the local public schools, graduating from the Fleetwood High School in 1910, and the Keystone State Normal School, now the Kutztown State Teachers College, in 1913.

He followed the teaching profession until the First World War broke out, whereupon he enlisted in the U. S. Navy, February 25, 1918. After three weeks of instruction and intensive drill, at Norfolk, Virginia, he was sent out to sea with the Atlantic Coastal Fleet, maneuvering in the South Atlantic waters, off the coast of South America, for the duration of the war. He was honorably discharged December 23, 1918.

Upon his return he secured a position in the vocational schools in Fresno, California, after studying at the University of California, at Davis in the Vocational Agricultural Department. In 1921 he returned to Pennsylvania and entered Franklin and Marshall College, graduated in 1923 and received his Bachelor of Science Degree. He later received his Masters Degree at Pennsylvania State College.

Since 1929 he has been Principal of the South Whitehall Consolidated High School, now the Parkland High School, Allentown R. #3, Pennsylvania.

He is married to a former Fleetwood teacher, Edith W. Schlegel, daughter of Mr. and Mrs. Robert D. Schlegel.

They have both been lifelong members of St. Paul's Reformed Church at Fleetwood, Pennsylvania.

CHAPTER I

The Ancestor Georg Schaeffer and Family

Georg, a son of John Schaeffer, a native of the Palatinate, was born in Reichelsheim Hesse Darmstadt, Rhine River Valley, Germany. He was the progenitor of this old and honorable family, crossing the ocean on the ship *Edinburgh* and landed in Philadelphia, August 13, P.M. 1750. James Russel was master of this ship, which sailed from Rotterdam, and last from Portsmouth, England, with 314 passengers on board. It is said that Georg was accompanied by several other members of his family who settled in the vicinity of Coopersburg, Lehigh County, and another who settled somewhere in the State of Virginia. A diary verifies definitely that they were brothers. Records also show that they arrived in Philadelphia at the same time.

Georg is said to have settled in the Oley Valley, Berks County, near the Oley Furnace, before he came to the East Penn Valley. Shortly afterwards, he crossed the hills and noticed a level piece of land in what is now Richmond Township. Upon his return he is said to have remarked, "I have seen a very fine piece of land, but with not sufficient running water on it." Regardless of this fact, he acquired the right and title to this tract of land September 25, 1759. In order to comply with the transaction he had to be naturalized, and abide by the religious obligations set forth in that day. He was naturalized April 10th, 1761, and had complied with the religious tests by partaking of the Lord's Supper on March 6th, 1761. He took possession of the Richmond Township tract, cleared and cultivated the land, and erected buildings. Later he built a school house, in order that his children, and those of his neighbors, might enjoy the advantages of an early education.

Georg Schaeffer was married September 17, 1751, to Maria Katharina Rühlin, a daughter of John Rühlin, a native of Germany. Tradition has it that Georg was supposed to be a redemptioner to John Rühlin for two years. After he had served for one year, one month, and two days, he was married to the daughter of the man to whom he was bound. There is a record of that marriage in the Mertz Lutheran Church at Dryville, Rockland Township, Berks County, Pa. The record reads as follows: September 17, 1751 Georg Schaefer Master joiner un-

married son of Johan Schaefer to Maria Katharina Rühlin unmarried daughter of Johanes Rühlin. Another record, possibly a sister of Georg reads: November 27, 1749 Jacob Sterner unmarried son of Casper Sterner to Anna Catherine Schaefer unmarried daughter of Johan Georg Schaefer.

Georg died in December, 1792. Records show that his will was probated at that time. He is buried on the family plot of the Schaeffer homestead, in a poorly marked grave, where his wife and some of his descendants also are buried.

This ancestral family had five children: Elizabeth, Margaret, Maria Ann, Peter, and Philip. Philip, the youngest son, is our common ancestor. Therefore this book deals primarily with his descendants.

Philip was born June 7th, 1770. He also became a farmer and took over his father's farm in due time. Philip took a keen interest in his work, as a tiller of the soil, which brought out his natural abilities that later led him to become an inventor. The backbreaking methods of harvesting crops in those early days, induced him to invent the first threshing machine in Berks County. This invention proved to be so successful that he continued to make these machines throughout the rest of his life. His descendants continued to manufacture these machines under the trade name of Schaeffer Merkel and Company.

Philip was married to Elizabeth Feterolf. She was born March 29, 1776, in Longswamp Township, Berks County, a granddaughter of Peter and Anna Marie (Rothermel) Feterolf of Waelsbach, Germany. Philip had thirteen children. One son David died in infancy. His youngest son was again named David. This family was one of many devout and religious families in that early day. The church was fundamental in building character which paved the way to living a good, moral, and upright life. The fellowship and worship not only served as a means to gain religious instruction, but also brought about social relations.

Philip made provision as his sons grew up to purchase farms for them. The purchase price was about fifteen dollars an acre at that time. Many of these farms had to be cleared, sub-divided and surveyed in order to bring them into production. The farms were gradually paid for by his sons.

Philip and his wife Elizabeth are buried on the Schaeffer family homestead. Elizabeth died October 28th, 1849, and Philip died December 30th 1853. Philip's son Isaac also rests there.

Early Churches

From the very beginning of the settlement of Berks County, the spirit of religion was manifest, to a great degree. It took several years before Church buildings could be erected, because houses and barns had to be built for their comfort and existence. Meetings were therefore held in houses, barns and even under trees.

In 1703 a small group of Swedes built the first church (Lutheran) in the southern part of Amity township, near the Schuylkill river.

In 1720 John Philip Boehm, a lay reader, was asked to conduct a Reformed service in the Falkner Swamp area. A congregation was organized in 1725. The first American communion, to the German Reformed pioneers, was administered October 15th, 1725. This was the beginning of the Reformed church in our country.

Also in 1725, the Society of Friends built a small meeting house in the upper end of Amity township.

About the same time Zion's Church was established along the Tulpehocken creek. Records show that Zion's in Windsor township was established in 1734, Christ church in Albany township in 1735, Frieden's in Bernville, in 1739, Moselem in Richmond township, in 1743, St. Daniel's in Heidelberg township, in 1750 and Christ (Mertz) church in Rockland township in 1735. We are especially interested in this church, because it holds the record of pioneer Georg's marriage — performed by his friend Rev. Philip Jacob Michael.

Christ church was organized by Rev. Tobias Wagner. The first building was a log structure. As the congregation grew, it was replaced from time to time, by larger buildings. The present stone structure was dedicated June 11, 1916.

Rev. Philip Jacob Michael was the first minister in the Richmond township area. He seemed never to have been ordained in any one church, but served twelve widely scattered congregations at one time, in Berks County. Rev. Michael was always actively engaged in securing permanent church buildings. Conrad Weiser, the Indian Interpreter, was his friend, and encouraged him in his endeavors.

Henry Melchior Muhlenberg was a devout Lutheran missionary, who traveled uncharted paths and followed Indian trails, to minister to the widely scattered settlers. He too, helped to establish churches and was married to one of Conrad Weiser's daughters — by Rev. Tobias Wagner.

Many of the early settlers of Berks County were of the Reformed faith. They had been followers of Zwingli and Calvin and were brought here by Rev. Michael Schlatter, the great

Reformed missionary from Switzerland. Some settlers were called Dutch Reformed, because of their origin in Holland. Rev. Schlatter preached in Oley and Tulpehocken as early as 1746. Holland sent 1300 German Bibles to this section in 1741.

Dunkel's church established in 1744, was originally Dutch Reformed. St. Peters Reformed church in Richmond township, has always been a conspicuous land mark. It was established in 1762.

Because of the similarity of religion, speech, dress, habits, etc., many localities decided on Union church buildings. These were occupied alternately by the Lutheran and Reformed congregations, and services were both in German and English. St. Paul's, at Fleetwood, has been a Union church since it was founded in 1841. Many of the Schaeffer descendants have, and are still worshipping there. Dr. Charles E. Schaeffer of Philadelphia and his brother Rev. Daniel E. Schaeffer of Emmaus, are sons of this congregation, on the Reformed side.

In conclusion, it might be interesting to state, that Berks county and Richmond township were established in 1752. They had been part of the Ontelaunee section of the county of Philadelphia. At that time there were thirty-eight churches, of the different denominations, in Berks county.

Statistical Family Record

It is interesting to note the record of this family relative to age, birth rate, death rate and vocational pursuit of the ancestral descendants.

Georg Schaeffer lived until the year 1792. His son Philip attained the age of 83 years. Philip's eight sons and four daughters averaged 77 years of age. The average age of wives and husbands was 74 years. Of this third generation four lived to be 93 years of age. The youngest died at the age of 50. The fourth generation consisting of 77 children covered a life span from 36 years to 96 years. Isaac's son Peter attained the ripe old age of 96. Peter's daughter Sara Ann died at the age of 36, and also William's son Henry. The average age of this generation was about 75.

It is quite evident that in the first four generations the birth rate was far greater than the last four. The peak appeared to be during the third generation. The average number of children per family was eight, while the average of the fourth generation was but six per family. Philip had the largest family in the second generation and Jonathan in the third generation. There were twenty three children in the Harriet Schaeffer family. It should be noted that the birth rate has dropped considerably during the sixth and seventh generations.

The death rate varied directly with the birth rate in the first four generations and inversely with the birth rate in the last four generations. These statistical facts are due in part to the rapid advancement of medical science during the last 75 years. The deaths in the earlier generations occurred during infancy or early childhood. In several instances entire families succumbed due to epidemics and disease. This is not the case in the later generations. The life span is showing a gradual increase.

Finally it is quite interesting to note the varied vocations that this family followed throughout the generations. Farming was the chief occupation in the first three generations. Practically all of Philip's children lived on farms and were engaged in farming. In the fourth generation, however, there was a diversity of occupations.

There were (18) farmers, (1) veterinarian, (12) businessmen, (7) dentists, (1) country butcher, (1) artist, (1) telegrapher, (8) merchants, (2) ministers, (2) college educators, (1) attorney, (2) physicians, (3) drovers, (1) contractor and (2) bankers.

The fifth generation had (8) pastors, (17) doctors, (19) businessmen, (20) farmers, (10) merchants, (3) mail carriers, (2) foremen, (1) blacksmith, (1) miner, (1) watchman, (1) painter (3) foundry workers, (6) railroaders, (4) retired folks, (2) carpenters, (2) tailors, (1) nurse, (1) telegrapher, (4) machinists, (1) dentist,

(5) teachers, (1) banker, (2) bricklayers, (1) U. S. Ambassador, (1) Lieutenant Armed Service, (3) College instructors, (3) attorneys, (3) judges, (2) School Superintendents, (3) stone masons, (1) plumber, (2) florists, (1) contractor, (2) civil engineers, and (1) sexton. In this generation there are increasing numbers of professional and business occupations pursued but the vocational occupations still tend to predominate. There are about 50 individuals following professional occupations as against 86 following vocational livelihoods.

The sixth generation seems to revive again a greater number of vocations. There are (4) electricians, (20) farmers, (7) U. S. Navy men, (14) machinists, (13) silkworkers, (8) railroaders, (3) steelworkers, (4) moulders, (10) laborers, (2) plumbers, (3) painters, (4) merchants, (2) truck drivers, (4) custodians, (9) foremen, (2) carpenters, (4) steelworkers, (16) salesmen, (1) florist, (2) bookbinders, (2) telephone workers, (2) draftsmen, (5) bookkeepers, (5) merchants, (1) druggist, (1) telegrapher, (1) bricklayer, (2) jewelers, (3) metal workers, (6) hosiery workers, (1) blacksmith and (4) patternmakers, over against (18) teachers, (3) principals, (2) funeral directors, (3) pastors, (9) attorneys, (16) businessmen, (4) civil engineers, (1) post office official, (2) bankers, (7) clerks, (2) bookkeepers, (3) secretaries, (8) doctors, (1) druggist, (4) social workers, (2) college instructors, (2) contractors, and (2) chemists. The ratio in this generation show almost a 2 to 1 trend towards the vocational vocations, with a greater diversity of professional and vocational interests. The seventh generation shows about the same diversified pattern.
